(NYSE: GLEO.U, GLEO and GLEO WS), a special purpose acquisition company organized under the laws of the Cayman Islands ("Galileo"), in connection with the transactions contemplated by the Agreement and Plan of Merger and Reorganization, dated as of April 28, 2021 (the "Merger Agreement"), with Shapeways, Inc., a Delaware corporation ("Shapeways"), as announced on April 28, 2021, and as described in greater detail in a Current Report on Form 8-K filed by Galileo with the Securities and Exchange Commission ("SEC") on April 30, 2021.

The Investor Presentation is intended to be furnished and shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or otherwise subject to the liabilities of that section, nor shall they be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as expressly set forth by specific reference in such filing.

Forward-Looking Statements

This report contains, and certain oral statements made by representatives of Galileo and Shapeways and their respective affiliates, from time to time may contain, "forward-looking statements" within the meaning of the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995. Galileo's and Shapeways' actual results may differ from their expectations, estimates and projections and consequently, you should not rely on these forward-looking statements as predictions of future events. Words such

as “expect,” “estimate,” “project,” “budget,” “forecast,” “anticipate,” “intend,” “plan,” “may,” “will,” “could,” “should,” “believes,” “predicts,” “potential,” “might” and “continues,” and similar expressions are intended to identify such forward-looking statements. These forward-looking statements include, without limitation, Galileo’s and Shapeways’ expectations with respect to future performance of Shapeways, anticipated financial impacts of the proposed transaction (the “**Transaction**”), the anticipated addressable market for Shapeways, the satisfaction of the closing conditions to the Transaction, the pre-money valuation of Shapeways (which is subject to certain inputs that may change prior to the closing of the Transaction and is subject to adjustment after the closing of the Transaction), and the timing of the closing of the Transaction. These forward-looking statements involve significant risks and uncertainties that could cause actual results to differ materially from expected results. Most of these factors are outside the control of Galileo and are difficult to predict. Factors that may cause such differences include, but are not limited to: (1) the occurrence of any event, change or other circumstances that could give rise to the termination of the Merger Agreement; (2) a default by one or more of the investors in the PIPE on its commitment, and Galileo’s failure to retain sufficient cash in its trust account or find replacement financing in order to meet the \$100 million minimum cash condition in the Merger Agreement; (3) the inability to consummate the Transaction, including due to failure to obtain approval of the shareholders of Galileo or other conditions to the closing in the Merger Agreement; (4) delays in obtaining or the inability to obtain any necessary regulatory approvals required to complete the Transaction; (5) the inability to obtain the listing of Galileo’s securities on NYSE following the Transaction; (6) the risk that the Transaction disrupts current plans and operations as a result of the announcement and consummation of the Transaction; (7) the ability to recognize the anticipated benefits of the Transaction, which may be affected by, among other things, competition, the ability of Shapeways to grow and manage growth economically and hire and retain key employees; (8) costs related to the Transaction; (9) changes in applicable laws or regulations; (10) the effect of the COVID-19 pandemic on Galileo or Shapeways and their ability to consummate the Transaction; (11) the possibility that Galileo or Shapeways may be adversely affected by other economic, business, and/or competitive factors; and (12) other risks and uncertainties to be identified in the registration/proxy statement relating to the Transaction, including those under “Risk Factors” therein, and in other filings with the Securities and Exchange Commission (the “**SEC**”) made by Galileo or Shapeways. Galileo and Shapeways caution that the foregoing list of factors is not exclusive, and caution readers not to place undue reliance upon any forward-looking statements, which speak only as of the date made. None of Galileo or Shapeways undertakes or accepts any obligation or undertaking to release publicly any updates or revisions to any forward-looking statements to reflect any change in its expectations or any change in events, conditions or circumstances on which any such statement is based, subject to applicable law.

Readers are referred to the most recent reports filed with the SEC by Galileo. Readers are cautioned not to place undue reliance upon any forward-looking statements, which speak only as of the date made, and Galileo undertakes no obligation to update or revise the forward-looking statements, whether as a result of new information, future events or otherwise.

DISCLAIMER, CONT.

Forward Looking Statements - Certain statements included in this Presentation are not historical facts but are forward-looking statements for purposes of the safe harbor provisions under the United States Private Securities Litigation Reform Act of 1995. Forward-looking statements generally are accompanied by words such as "believe," "may," "will," "estimate," "continue," "anticipate," "intend," "expect," "should," "would," "plan," "predict," "potential," "seem," "seek," "future," "outlook," and similar expressions that predict or indicate future events or trends or that are not statements of historical matters, but the absence of these words does not mean that a statement is not forward-looking. These forward-looking statements include, but are not limited to, statements regarding estimates and forecasts of other financial and performance metrics and projections of market opportunity. These statements are based on various assumptions, whether or not identified in this Presentation, and on the current expectations of the Company's management and are not predictions of actual performance. These forward-looking statements are provided for illustrative purposes only and are not intended to serve as, and must not be relied on by any investor as, a guarantee, an assurance, a prediction or a definitive statement of fact or probability. Actual events and circumstances are difficult or impossible to predict and will differ from assumptions. Many actual events and circumstances are beyond the control of the Company. Some important factors that could cause actual results to differ materially from those in any forward-looking statements could include changes in domestic and foreign business, market, financial, political and legal conditions. These forward-looking statements are subject to a number of risks and uncertainties; the inability of the parties to successfully or timely consummate the Potential Business Combination, including the risk that any required regulatory approvals are not obtained, are delayed or are subject to unanticipated conditions that could adversely affect the combined company or the expected benefits of the Potential Business Combination is not obtained; failure to realize the anticipated benefits of the Potential Business Combination; risks relating to the uncertainty of the projected financial information with respect to the Company; the risk that the Company's target markets may not increase at projected rates; the size of the Company's market opportunity may not materialize; the Company may not be able to successfully scale its business to attract larger, and repeat customers; customers may not continue to use the Company's services; supply chain interruptions; the Company's ability to scale its manufacturing capabilities; the Company may not be able to turn pipeline customers into customers that will provide significant revenues; defects in products the Company manufactures; the Company's ability to successfully expand its product lines and channel distribution; competition; the uncertain effects of the COVID-19 pandemic; and those factors discussed in documents of Galileo filed, or to be filed, with SEC. If any of these risks materialize or our assumptions prove incorrect, actual results could differ materially from the results implied by these forward-looking statements. There may be additional risks that neither Galileo nor the Company presently know or that Galileo and the Company currently believe are immaterial that could also cause actual results to differ from those contained in the forward-looking statements. In addition, forward-looking statements reflect Galileo's and the Company's current expectations, plans or forecasts of future events and views as of the date of this Presentation. Galileo and the Company anticipate that subsequent events and developments will cause Galileo's and the Company's assessments to change. However, while Galileo and the Company may elect to update these forward-looking statements at some point in the future, Galileo and the Company specifically disclaim any obligation to do so. These forward-looking statements should not be relied upon as representing Galileo's or the Company's assessments as of any date subsequent to the date of this Presentation. Accordingly, undue reliance should not be placed upon the forward-looking statements.

Financial Information; Non-GAAP Financial Measures - The financial information and data for the year ended 2018 are audited. The financial information and data for the years ended 2019 and 2020 are actual unaudited and do not conform to Regulation S-X. Accordingly, such information and data may not be included in, may be adjusted in, or may be presented differently in, any proxy statement or registration statement to be filed by Galileo or Shapeways with the SEC. Some of the financial information and data contained in this Presentation, such as Adjusted EBITDA are non-GAAP metrics. These non-GAAP financial metrics have not been prepared in accordance with United States generally accepted accounting principles ("GAAP"). These non-GAAP measures, and other measures that are calculated using such non-GAAP measures, are an addition, and not a substitute for or superior to measures of financial performance prepared in accordance with GAAP and should not be considered as an alternative to operating income, net income or any other performance measures derived in accordance with GAAP. A reconciliation of the projected Non-GAAP financial measures has not been provided because certain items excluded from these Non-GAAP financial measures such as charges related to stock-based compensation expenses and related tax effects, including non-recurring income tax adjustments, cannot be reasonably calculated or predicted at this time.

Galileo and Shapeways believe these non-GAAP measures of financial results including on a forward-looking basis provide useful information to management and investors regarding certain financial and business trends relating to Shapeways' financial condition and results of operations. Shapeways' management uses these non-GAAP measures for trend analyses, for purposes of determining management incentive compensation, and for budgeting and planning purposes. Galileo and Shapeways believe that the use of these non-GAAP financial measures provides an additional tool for investors to use in evaluating projected operating results and trends in and in comparing Shapeways' financial measures with other similar companies, many of which present similar non-GAAP financial measures to investors. Management of Galileo does not consider these non-GAAP measures in isolation or as an alternative to financial measures determined in accordance with GAAP.

However, there are a number of limitations related to the use of these non-GAAP measures and their nearest GAAP equivalents. For example other companies may calculate non-GAAP measures differently, or may use other measures to calculate their financial performance, and therefore Shapeways' non-GAAP measures may not be directly comparable to similarly titled measures of other companies. See the footnotes on the slides where these measures are discussed and the Appendix for definitions of these non-GAAP financial measures and reconciliations of these non-GAAP financial measures to the most directly comparable GAAP measures.

Important Information for Investors and Stockholders - Galileo and Shapeways and their respective directors and executive officers, under SEC rules, may be deemed to be participants in the solicitation of proxies of Galileo's stockholders in connection with the Potential Business Combination. Investors and security holders may obtain more detailed information regarding the names and interests in the Potential Business Combination of Galileo's directors and officers in Galileo's filings with the SEC, including Galileo's registration statement on Form S-1, to be filed with the SEC. Information regarding the persons who may, under SEC rules, be deemed participants in the solicitation of proxies to Galileo's shareholders in connection with the Potential Business Combination is set forth in the proxy statement/prospectus on Form S-4 for the Potential Business Combination, which is expected to be filed by Galileo with the SEC.

This Presentation is not a substitute for the registration statement or for any other document that Galileo may file with the SEC in connection with the Potential Business Combination. INVESTORS AND SECURITY HOLDERS ARE URGED TO READ THE DOCUMENTS FILED WITH THE SEC CAREFULLY AND IN THEIR ENTIRETY WHEN THEY BECOME AVAILABLE BECAUSE THEY WILL CONTAIN IMPORTANT INFORMATION.

Investors and security holders may obtain free copies of other documents filed with the SEC by Galileo through the website maintained by the SEC at <http://www.sec.gov>. INVESTMENT IN ANY SECURITIES DESCRIBED HEREIN HAS NOT BEEN APPROVED OR DISAPPROVED BY THE SEC OR ANY OTHER REGULATORY AUTHORITY NOR HAS ANY AUTHORITY PASSED UPON OR ENDORSED THE MERITS OF THE OFFERING OR THE ACCURACY OR ADEQUACY OF THE INFORMATION CONTAINED HEREIN. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.
